“ One of the most respected officers in U.S. Customs, Miami, Florida. I had the honor of knowing Chuck for many years in the S. Florida area where he worked in the Patrol Division for most of his career. He was a vessel commander and one of the top performers as to arrests and seizures. He was a big strong man and a handsome devil at that, Always had a smile on his face and always willing to help in any situation. Smart and a go getter who will be missed by all who knew him. As his supervisor for many years, I can tell you he was one of a kind. I only wish I had many more just like him. He loved his work and was something else when it came to engines. If he was not chasing smugglers in a high speed boat, he was tearing down an engine and putting it back together again, he was something else. Thanks again Chuck, may you rest in peace my friend. dick boyer
