“ Mother, having you in my life has taught me to be strong and live a happy life. Being a mother is not easy, but I learned from the best. I was happy to be with you always and glad to help when you needed me. Your love carries on and you won't be forgotten. I will carry you in my heart always. You will never be far from me but in the birds that sing and the butterflies that flutter. The sun that warms my face and the gentle waves that glisten. The bluest of blue birds will show me always to do my best. These will be my reminders. I love you Dear Mother, now enjoy your rest in Heaven and give Dad a kiss from all of us! I love you always! xoxo Sue, Dave, My children, James, Marie, Joy Anne, Stephen. My grandchildren Christopher, James, Emilie, Spencer.
